

Cattle Country Season Ticket Application

Please read the following information carefully before you fill in the details. You may wish to retain a copy for your records.

Your Cattle Country Season Ticket will be processed as soon as possible and your unique card will be sent to the address provided by you on this form. If you wish for the ticket to be sent to a different address you must include that information on the form. For an application to be processed the terms and conditions below must be signed by an adult, however only one signed copy is needed per group or family. Your unique card must have an up to day photograph of the applicant on it, which must be in digital form. There are two ways of going about this:

- Use the link on the Cattle Country website from where you downloaded this form, or
- Have your photo taken on your next visit to Cattle Country at the admission desk.

A photo is necessary for your card to be created, but your season ticket will start from the day payment is received. You can visit Cattle Country as a season ticket holder before your card has been issued, as long as payment has been received in full.

Please complete one application form per applicant, in block capitals. The field headings in red are mandatory.
